Are You Ready for Your 1st Home?

Financial Advantages

It can cost less than renting—Federal income tax deductions on property taxes and mortgage interest could help reduce or offset the actual costs of owning a home—tax savings that are not available as a renter.

Fixed rates—If you choose a fixed rate, you'll have the same principle and interest rate each month. There will be no landlord raising monthly rent payments.

A Message from the CEO

The theme of our annual meeting was Innovate, Re-Invent. If you missed the meeting I wanted to take this opportunity to let you know some of the changes at the credit union. I hope you noticed the new logo. Our logo may have changed but we still want to be your financial institution for checking, VISA and loans.

Members can now access their account through their smartphone or tablet using the SPRIG mobile application. And I am pleased to announce that the Membership Share of the credit union will be reduced to \$5.00 on May 1st, 2016.
